**DARK MATTER  
GAMMA RAY**

From the artists who created Alienware's phenomenally popular desktop themes (Invader, ALXMorph, Darkstar, Superman, Star Wars & others) comes a fresh invasion of amazing desktops - introducing The DarkMatter Trilogy. Three unbelievably slick hypersuites that completely transform your Windows XP desktop into a super-futuristic, hi-tech environment.

DarkMatter: Gamma Ray lights up your Windows XP desktop like never before.
